

Family Promise of Roane County Newsletter

3 things we're excited about in July!

1

We've had a family graduate!

We are excited to announce that one of our families has found housing and has graduated from the program. Thanks to their effort and the hard work of our team and volunteers, this family has moved from instability to independence after 2 and a half months!

How you can help: Share this newsletter and help us spread the word of the success of this amazing program.

2

We Are Welcoming a New Family

Family Promise is now sheltering a new family of 7 with 5 children ranging from 6 years old and younger! We are excited about this opportunity to provide a much more stable situation and help them discover ways they can advance to a new level of financial security.

How you can help: We are in need of diapers for our new family of 7. Sizes for the diapers needed include 2, 5, and 3T.

3

A Word From Our Executive Director

"With your help, FPRC was able to ensure that 9 children and 6 adults will have a safe roof over their heads. As gas prices continue to rise, we have given out gas cards to countless families to help them get to work and doctor's appointments. The need in Roane County is greater than our ability to serve. We need your continued support to help as many families with children as possible."

How you can help: Your financial support is vital to continuing this and many other services provided by FPRC!
